IP address of PC-NVR

Install ActiveX to active live view

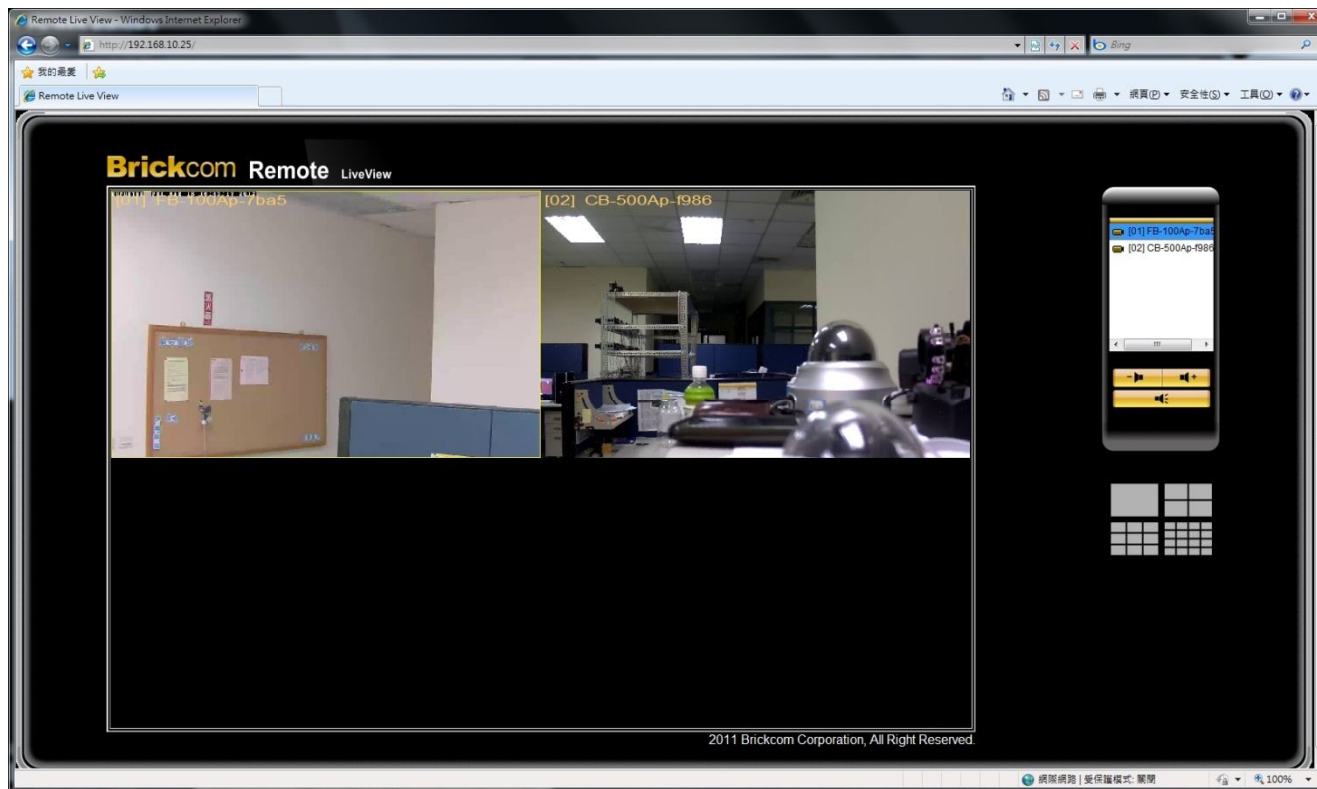

NVR-NVS

Keyin Username and Password to login.

NVR-NVS

User can live view remotely via Windows IE browser.

NVR-NVS

Session status to show how many users to active Remote live view.

Session Status

The screenshot shows the 'Settings' window for NVR-NVS, specifically the 'NVS Settings' tab. The 'Session Status' section is highlighted with a pink box. It displays 'Current Session Number: 2' and a table of active sessions. The table has columns for 'IP Address' and 'User'. Two sessions are listed: one from IP 192.168.10.25 with user 'admin', and another from IP 192.168.10.50 with user 'admin'. There are 'Disconnect' and 'Disconnect All' buttons below the table. Other settings visible include 'Service Status' (Running), 'Viewer Limit' (3), 'Port No.' (1095), and 'Web Service Port No.' (80). The 'White/Black List' section is also visible on the right.

IP Address	User
192.168.10.25	admin
192.168.10.50	admin
